All Students enrolled in the Home Education Program must comply with the Home School requirements as mandated by Florida Statutes regardless of age at enrollment.

****Social Security Disclaimer:** The disclosure of a Home School Student's Social Security number is optional and no services will be denied upon failure to provide numbers. Social Security number and date of birth data collection from Home School students shall be for the verification as requested by agencies such as but not limited to Social Security Administration (School Cessation forms), Department of Motor Vehicles, and Bright Future Scholarships.

Parent/Guardian initials indicate that the following statements are understood: **yes**

- Home school students are not awarded a high school diploma through the school district.
- FLVS is only a resource for home school students. Parent and student should be careful to abide by regulations.
- Transfer of credit rules apply when transferring back into the public school system.
- Presentation of the student's FLVS transcript and/or parent transcripts to any other educational facility is my responsibility as parent for credits to be considered.

Portfolio reviews for students who have been determined to have established a pattern of non-attendance while in public school. Per **FL Statutes 1003.26(1)(f)(2)**, a parent may choose the portfolio reviewer/s to review their student's portfolio. This is NOT applicable for every student and is not the annual reporting. Please mark your selection below.

I have no preference and elect to use the parents for the committee as provided.

I prefer for _____ to review my portfolio. This parent **must have home schooled for three years and is willing to serve on the designated day.** I am assuming responsibility to notify the person selected. If the selected parent does not attend the portfolio review, I give consent to have the portfolio reviewed by the committee members serving on that day. Proof of home schooling for three years must be presented for person chosen unless parent's students are enrolled or have been enrolled in Putnam County School District Home Education Program. **I understand that upon notification of portfolio review, portfolio must be presented as requested in order to avoid the possibility of student being required to enroll in a "school attendance option". (Parent nor student are required to attend the review.) If a portfolio is not presented as requested, the student has three (3) days to enroll in a school that meets attendance.**

If parent/student chooses not to attend the portfolio review & drops off the portfolio, portfolio should be picked up within one week.
