A message from our Director of Transportation:

Dear Putnam County School Employees:

The Safe Driver Committee would like to thank each and every driver of a District vehicle for a safe driving year. We only had a handful of accidents or issues, which was a great improvement compared to previous years. Your awareness on the road and of other vehicles has made this possible. Remember, the community watches each bus and white fleet vehicle and will report any concerns they feel need to be addressed. Keep up the SAFE DRIVING!

Thank you,
Rodney Symonds, Director
Department of Transportation
